Good morning.

We are able to confirm the meeting date you suggested, July 19 at 0930 at HQI's office in Mahwah. I've attached a brief (hopefully plain English) summary of the topics we'd like to discuss. As we talked about, this will be a high-level meeting and will not focus on "code writing" and technical details of the model; rather, we want to identify those issues that we believe compromise the utility of the model as a decision-making tool. We're limiting our attendees to Rob, Rafa, John Connolly and me.

Feel free to call if you want to discuss in advance of the meeting. [Next Monday and Tuesday are moving days for me, so that will be a bit hectic!]

Regards,

Mike
